Part B for April 1878

SUBJECT.

Permanent remuneration of the village officers in the jahagiri of Chamarajanagar Taluk.

Indexed
Narasimha Rao

W D 88—GPB—50,000—24-7-16

No 570

47. As promised in his letter No 1039 of 3d August 1869, the Survey Commissioner* submits the results of the Settlement of the Chamrajanagar Estate, as follows:-

(1) Assessment on Government occupied land — 35702-4 Rs A

(2) Do — on Govt. unoccupied assessed waste — Rs 1491. of which it is fair to take one half — 745-8 ×

(3) Grazing fees on Govt. uncultivable waste of 2816 acres, Estimated at 1 anna per acre — — 176-0 ⊗

(4) Fees payable to Govt on main land. — 16-4

36640-0

The above is at the total realizable revenue. The arable assessed waste has been taken at half its Survey valuation as it

* Letter No 680 of 20th June 1878.

× The Survey Comm.r is evidently under the impression that the object of Govt is not to count the full assessment on the arable waste as part of the amount alienated. But it will be seen from para 4 of Govt Order No: 3911/13 dt 7th July 1877 that the full assessment on such lands will be included in the assets. The full assessment, viz 4 Rs/Acre (not 2 as suggested) will have to be included in the assets. BRL.

Yrs.

⊗ The amount of Rs 176 on account of Grazing fees should be omitted from the calculation as the profitable working out of the unassessed waste are ordered to be made over to the Forest Department without including them in the assets - (Vide para 4 of Govt Order referred to) — BRL

may be expected that fully
that proportion would come
into Early occupation,
and after a short interval,
probably more. The
grazing rate at one
Anna per acre of unassessed land could not,
in Colonel Anderson's opinion,
be put lower; and it will
be competent to the
Jaghirdar to let the land
for cultivation, and
a demand for it will,
no doubt, arise ere long.

48. From the above sum
of Rs 36640 will have to be
deducted Rs 2308-4 on
account of the permanent
remuneration of the
Village officers. Reported

on in Survey Comrs No 27
of 9th* January 1878, leaving
Rs 34 331-12 as the net
realizable revenue.

49 A further adjustment
has to be made in respect
to Inam lands, the Survey
assessment of which
amounts to Rs 1001-8-0
The Survey Commissioner
recommends that the
investigation of these
inams by the Inam Dept
should be carried out
at once, either in the present
detailed mode or in the
new mode proposed by
Colonel Anderson in his letter
No 54 of 18th January 1878.
The Survey Comr thinks
that the latter mode would
undoubtedly save time.

* Please see para 54, below.

I think in detail
in such a case.

⊗ This letter is not put up.
The Record Dept say that it was
submitted to Secretariat on
29th ult Chuna. It treats of
reduction in the Inam Dept

If it is very urgent to dispose of the matter at once, Colonel Anderson suggests that it might be arranged that whatever sum is realizable from the result of the settlement of the minors' claims, shall be funded for;

50. Colonel Anderson observes that if there should be any surplus over and above the amount postponed to be granted as above, the same might either be imposed as a fine, or that this sum might be reduced to a much lower amount by striking out one or more charges which should be on the books of the Estate. Colonel Anderson thinks the latter (x) course preferable, inasmuch as burdening the Estate with any considerable sum in the way of fine

If the Swan settlement is carried out, the yearly rent imposed, as well as the former fine, will be included in the assets and made payable by instalments of the purchasers. Otherwise, it will have to be provided in the settlement, that the yearly rent which may be imposed on the minors' shares should be collected by the purchasers and handed to Government, directing the commissioners to enforce existing orders for the trouble of collection. It would, I think, be impossible to complete the Swan settlement before the ensuing August. AM

Postponement as it will delay the grant of the Magazine for some time longer, which might be included in the assets of the Estate. AM

(x) This should have already been disposed of in para 5 of Govt. No 3911 of 17 July 67, in which it was stated that any such excess would be disallowed in the money allowances payable to the grantees — AM

would possibly lead to future difficulty -

51. The revenue realizable from occupied land was estimated by Colonel Anderson in his letter No 191 of 6 Feby 1877 at Rs 30737. This has now increased to Rs 34239, owing partly to the ~~increase~~ enhanced Survey rates and partly to a great deal of unoccupied waste land being taken up at the Settlement, as shown in the margin

Extent -	As kept	
Unoccupied waste before the Settlement -	2000	2246
Do after the Settlement -	1199-37.	1491
Land taken up. —	800-3.	755.

52. The Superintendent of Revenue Survey submits a Statement showing the information called for under heads 1, 2, 3 and 7 of Para 2 of the Resolution

(1) ⊗ Land occupied in each village, with particulars of Extent and assessment.
(2) Arable assessed area not under occupancy
(3) Unarable area
(7) Extent and value of main holdings —

Prov: No: 2167/24 - March 1875.

With regard to head 4, this
reported that in accordance
with instructions contained
in Chief Commrs Order
No. 2142/717 of 10th June 1875,
the land which was
formerly marked into
three villages and which
is required for a State Forest,
has been separately demarcated
and the area therein
contained amounting to
acres ~~Rs~~ 7562 has been
altogether struck out
of the village lands of
the Talaqs - With regard
to heads 5 & 6, the Survey
Supt states that he has
no means of ascertaining
either the number of

× 4. Extent of land reserved as State Forests -

⊗ 5. Sandal wood trees -
6. Other reserved trees -

Sandalwood trees or of other reserved trees, situated within the limits of the pasture lands, and that the Forest Department may be possibly be able to give an Estimate on these points.

A reference may be made to the Forest Dept^t. But see please para 46 of the Memo.

Memo No. 142 dt 9th February/78.

53. In another reference, the Survey Commissioner submits a letter (No. 37 of 30th January/78) received from the Superintendent of Revenue Survey, enquiring what course should be adopted in the case of ryots applying Either for assessment to the land on land now entered as "Kharab" or on

their applying for water rates to be fixed on lands now assessed as dry lands. It was also enquired whether these cases should be fixed in accordance with the merits of the case as in ordinary Government lands or whether the lands should be left in status quo. The Survey Commissioner thinks that assessments should be fixed by the Survey Department so long as the final marking over of the Estate is in abeyance,

I concur with the Survey Comr in thinking that such applications should now be dispensed with by the Survey Dept. but the measure would involve a change in the sequence contained in the Statement submitted with the Survey Comrs 4° 68 of 20th Jany/98. A corresponding change would have to be made in the Statement accompanying 4th Comrs 4° 417 of 1894 3rd Assistant, Re. the procedure of preparing the Schedule of assessments. The Survey Comr's enquiries regarded to deal with the classification of the

close of the current official year and to send a revised statement of the results of the settlement to the Commr of the Sub-Division who will then proceed to make the necessary alterations in the statements & submit them with his No 473/34 of 8th Dec last, and submit the same to this office along with the statement received from the Survey Commr. The Selection of assets can then be examined, and the villages made over in January —

I concur

Letter No 27 of 19th Jany 1876

suspending the amount to be taken as the final valuation till the time of actual survey over is imminent. Colonel Anderson observes that the estate once surveyed the valuation fixed at the time of the grant, will not be liable to any alteration.

54. The Survey Commr submits statements for the permanent remuneration of village officers in the 30 villages proposed to be granted to the grantees. The total sum required ~~recommended~~

to provide the remuneration according to scale is Rs 2518. The Existing Emoluments amount to Rs 209-12-0 in cash, and none in land. Rs 2308-4-0 therefore devolve upon the Treasury as an additional payment.

There are no surplus Emoluments for resumption.

The Survey Commissioner proposes that the introduction of the permanent remuneration may take place from the commencement of 1878-79.

The proposal for the commutation of village offices may be sanctioned with effect from 1878-79, the sum of Rs 2518 (including Rs 209-12, now paid by Govt) may be made payable by the Inspector from the date on which the Inspector is made over to them.

I concur. The Inspector may be informed in the above.

No. 2. of 1898

To,

The Survey & Settlement Commr.
of Mysore

Survey Superintendent's Office
Camp Hirisave 3rd January 1898

Sir,

I have the honor herewith to forward for sanction 2 vernacular details & statements of the permanent remuneration of the Patels and Shanbogs respectively of the 30 villages of the Chamarajnagar Taluk proposed to be granted as Jahage to the grandsons of His Highness the late Maharaja of Mysore under the Rules now in force.

2 The charges of both the Patels and Shanbogs have been fixed in consultation with the Deputy Commissioner of Mysore. There are 20 villages in this portion of the Taluk, the Patels of which are deemed entitled to extra allowance under Rule XII.

3 Collections on account of Mohatar and local cess have been included, as usual, in the gross revenue on which scale remuneration is calculated

4

4. An abstract statement in English, showing the total result of the settlement is appended.

I have the honor to be

No. 11602
237

village officers) from the
Government Treasury
w.e. to the time of the grant
of the villages to the grantees,
after which date, the above
sums will be made payable
by the Jahagirdars, the
amount being included
in the assets of the Jaghir.

2 In calculating the Income of Villages pertaining to Jahagir, the S. Commissioner ~~results of the settlement~~ in his letter No. 68 of 20th January last, ~~the Survey Commr.~~ has taken into account only one-half of the assessment on the unoccupied waste ~~Rs 145-8-0~~ lands under the impression that the object of Government is not to count the full assessment on the arable lands which remain uncultivated for want of occupation & the number of these lands may be increased

~~made as part of the~~
~~account directed by~~
~~Lunacy Commissioners~~ in
~~referred to~~ para 4 of
this Office Po: No 3911/13 of
17th July 1879, ~~from which~~
~~it will be seen~~ was decided that the
full assessment on such
lands should be included
and paid as
in the assets ~~to be~~
~~assessment~~ Rs 1491, ~~will be~~
paid accordingly
~~therefore, have to be~~ be complete
~~included in the assets.~~

The ~~amount~~ sum of Rs 176
on account of Grazing fees
calculated at 1 anna
per acre of uncultivable
waste, should be omitted
from the calculation,
as the profits arising
out of the unassessed
have been
waste are ordered

3 Omitting the purpose
of charge in Schedule
with the grazing fees
collected from the
unassessed lands as appears to
be incorrect, Govt
in para 6 of the Order
of 17 July as above
noted in the preceding
para, and the assets
computed at Rs 176
on this account should
be struck out.

to be made over to the
Lakhapadars without
including them in the
results, in para 4 of this
office Pro: No 3911/13 of
17 July 1877.

4 ~~In para 2 of his~~
~~letter above noted,~~
the Survey Commr deducts
from the estimated
revenue of Rs 36640,
Rs 2308-4 an account
of the permanent
remuneration of Village
Officers. It appears to
Mr Saunders that the
full amount of remu-
neration, viz Rs 2518
(including Rs 209-12-0
now paid to the village
officers by Government)

4 In the 2nd para of his
letter of 20 last Sept,
the Collr of Canara
quotes the annexed
Government Order
of 9 Oct 1868 that the
pay of the
Lakhapadars should be
held responsible for
~~the~~ the deficits
that may occur in the
Village Revenue
of Rs 2518.

should be deducted, as the same will have to be paid by the Jahazdars as directed in para 1 above

2. In regard to the ~~carrying out of the Inam~~ Inam settlement of the village ~~he~~ has ~~I~~ carried out during ~~the Chief Commissioner~~ by issuing Pattas ~~observed that it~~ ~~the principle~~ of shall ~~be found necessary~~ decide, and in regard ~~to carry out the Inam~~ ~~Settlement at once, and~~ ~~contentions to proceed~~ ~~by settlement~~ ~~to leave the matter to the~~ future, provided that in the event the amount of Quit-rent which may be fixed either hereafter will be paid to Government by the Jahazdars as fixed or deducted from the money allowance payable to the latter ~~by~~ Sirkar.

In replying to the Chief Commissioner's query at para 4 of the Draft Memo, I beg to state that no proportion of the amount of Quit Rent that may be imposed, can now be formed, as the amount will depend on the consent of the inamdars to the enforcement of their inams.

The probable length of time which an Inam Settlement, of specially defective, will take to complete the investigation, would be about [illegible]

for, in case any
of Khanel lands but in
cultivable state as may
be effected hereafter in
Settlement as above

Para 3 of the January
Superintendent's letter No. 951
of 15th December 1877, received
with Colonel Anderson's
No. 68 of 20th January last,
the Conservator of Forests
is requested to report
the number of sandalwood
trees and of other
reserved trees, situated
within the limits of the
proposed Khasya.

Subsequent to the
receipt of the
Chief Commissioner's letter
No 142 of 9 Feb. on
the Survey Superintendent
of 30 Jany 78, no
information has been
received in the Police
Office regarding the
Khasi accused of
illicit cultivation
of opium on Reserved
Forest land. It is
therefore presumed
that the accused,
the Cause suggested by Col

Subsequent to the
receipt of the
Chief Commissioner's letter
No 142 of 9th February 78,
the Superintendent of
Police, Khasya Hills
was requested by
Colonel Anderson in
January last to report
the number of sandalwood
trees and of other
reserved trees, situated
within the limits of the
proposed Khasya.

In reply, the
Superintendent of
Police, Khasya Hills
has forwarded
Colonel Anderson's
No 68 of 20th January last,
in which he states
that the Khasi
accused, in the case
reported by Col

fixed on lands now assessed
as dry, should, for the
present, be disposed of
by the Survey Department.
But as ~~it is observed that~~
this measure would involve
a change in the figures
contained in the Statement
received with the Survey
Commissioner's No 68 D
20th January last, and also
~~corresponding change~~
in the Statements
received with the
Ashtagram Division
Commissioner's No 477
194
8/8th December last, the
~~for the purpose of~~
~~performing the Schedule~~
~~of costs. The Survey~~
Survey
Commissioner is, therefore
